Ref: Announcement of November 11, 1991

The Pine Mountain Tourism Association, acting on the results of the investigation carried out during the suspension of our two full-time staff members, has terminated the executive director, Kimberly Ambrester (effective November 17, 1991). The project coordinator, Robin Buntin has been reinstated as a full-time probationary employee of the Pine Mountain Tourism Association, Inc.

The Personnel Committee of the Pine Mountain Tourism Association has begun to actively seek applications for the position of Executive Director. When a new Executive Director has been named, he or she will be introduced to the Pine Mountain Mayor and City Council.

Thank you for your patience and assistance during this time of transition.

Sincerely,
