WELL

Mayor Teel stated that when the test hole was dug on Jimmy Chambers' property we were only getting 2 gallons per minute, at a depth of 465 feet.

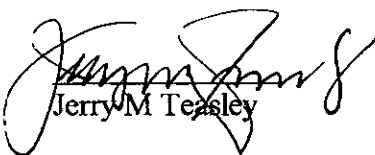

What we are looking for is at least 100 gallons per minute.

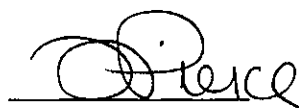

Another spot that is being looked at is off of McGee Road on Tommy Champion's property. It was suggested to go ahead and have Mr Bill Champion (Champion Well Company) do a test hole. Once the test hole is complete we will discuss with Mr Champion the price.
