

**WORK SESSION
MARCH 30, 2026
4:00 P.M.**

The Town of Pine Mountain held a work session on the afternoon of Monday, March 30, 2026, at 4:00 P.M. at Eatz located at 72 N. Cherry Avenue. The meeting was advertised for this location on the Town Hall door and website.

A design review application was received on December 30, 2024, to build a 26X36 building on a small crawl space. The proposed use of property would allow for office, storage space and staff bathrooms.

Tammy is requesting to use the building as a smoothie shop which is not what was on the original request. After talking with Brian and Sandy this would need to be classified as a Restaurant.

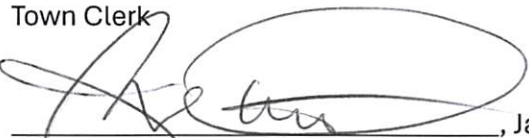

Tammy has requested to be on the April 13th council's agenda to request design review and relief from parking space. A work session was held so council members could see what she's requesting before coming to the council meeting.

The work session ended at approximately 4:27 P.M.

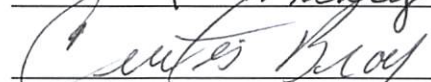

See attached of those attending.
